

March 30, 1987

Mr. J. R. Bean, Jr.
919 W. Morningside
Springfield, Missouri 65807

Dear Mr. Bean:

On March 23, 1987 this office received a citizen's complaint concerning the dumping of what appears to be waste oil into the storm sewer outlet in the 900 block of west Morningside. This office has no way of knowing who might be responsible. Let me advise you that if this spillage is due to any activities on your part, this constitutes violations of City, State and Federal laws. These laws contain severe penalties for the discharge of oil or petroleum products to a natural water course. This office maintains periodic surveillance throughout the corporate limits of the city, and will watch this area closely. If the spillage described above is not due to any activity on your part, you can help significantly by reporting any such activities immediately to this office.

If we can be of any help or can answer any questions, please do not hesitate to call us at 864-1924.

Yours truly,

Robert E. Corson
Water Pollution Control Inspector III
Surveillance & Enforcement
